OAA Equipment Divisions—3D

This is a summary of the type of equipment athletes are permitted to use when shooting for OAA Championships. It is the athlete's responsibility to use equipment that is in accordance with the rules and regulations of the OAA (not this document). If in doubt the athlete must show this equipment to the Judge before using it in competition. Any athlete found to be using equipment contravening OAA Rules may have his/her scores disqualified.

For more details on 3D Classes, see the OAA Rules and Regulations, Chapter 11, Section 19
